Plans in motion

Author's Notes:
I\'m in the mood.

When I first saw him, I knew I had to have him. That boyish smile and looks, yet behavior older than his meager 24 years of age. I know, I see that I wasn't the only one lusting after him, wanting to just press him against the wall and do him so hard he'd be screaming my name and know nothing else. That's what I dreamt every night. That's what drove me to my plan of getting to know him. His naivety allowed him to let me in, to befriend him, to become almost like a big brother. That one day after his 25th birthday, I asked him to do me a favor and he said yes.

And I got what I wanted.
